

Wilderness Retreat

Contributed by Centre for Human Ecology
Wednesday, 12 April 2006

In June CHE Fellow Dave Key will be holding a wilderness retreat based at a remote lighthouse on the west Highland coast.

Dave's Footprint Consulting Limited is organising the three day 'Sustaining Self, Society & Environment' wilderness retreat at the Rua Reidh Lighthouse at Gairloch in Wester Ross from the 6th to the 9th of June. The retreat is one of the Social Enterprise Academy's Leadership Development Programme. Dave, who, with Mary Jane Rust, teaches the CHE's Ecopsychology course, says the retreat is aimed to help participants develop socially responsible and ecologically sound practice. Please contact Jayne on 0131 220 5333 or email jayne@theacademy-ssea.org for more information on the programmes and what assistance is available for fees.
